SUMMARY

Motivated Artificial Intelligence and Data Science student with strong foundations in Java, Python and SQL. Skilled in building real-time machine learning based applications. Passionate about problem-solving, data-driven development, and creating scalable software systems.

PROJECTS

Automated M-Sand Quality Monitoring System (React, Flask, Machine Learning)

- Developed an AI-based system to assess M-Sand quality using image processing and machine learning.
- Built a React frontend and Flask backend for real-time quality analysis.

Drowsy Guard (Python, OpenCV, Machine Learning)

- Developed a real-time driver drowsiness detection system using facial landmark and eye closure detection.
- Integrated an alert mechanism to notify drivers and improve road safety.

Student360 (Web Application)

- Built a centralized platform to manage student profiles, academic records, and achievements.
- Enabled seamless student-faculty interaction through an integrated web application.

AlumniConnect (MERN Stack)

- Developed a full-stack alumni networking platform for mentorship, job postings, and referrals.
- Implemented secure authentication and profile management using the MERN stack.

INTERNSHIP

Data Analytics Intern-SAN Technology, Perundurai[June 2025 – July 2025]

- Cleaned and processed datasets using Python (Pandas)
- Built visual dashboards using Tableau / Power BI
- Extracted actionable insights improving decision-making efficiency

AI Intern-Appin Technology, Coimbatore[December 2025 – January 2026]

Gained hands-on experience in artificial intelligence concepts, including basic model development and real-world problem-solving.

EDUCATION

B.Tech Artificial Intelligence and Data Science

Nandha Engineering College (V semester)-8.9 CGPA 2023-2027

12th Education: Thamarai Matric Higher Secondary School - 88.8% 2021-2022

10th Education: Thamarai Matric Higher Secondary School - 88% 2019-2020

SKILLS

Languages: Java, Python, JavaScript

Web Technologies: HTML, CSS, React.js, Node.js, Express.js

Databases: MySQL, MongoDB

Core CS: Data Structures & Algorithms, Object-Oriented Programming (OOP), DBMS

Machine Learning & AI: OpenCV, Machine Learning

Tools: Git, GitHub, VS Code, Tableau, Power BI, Canva, Figma, Framer

CERTIFICATES & ACHIEVEMENTS

Tressure Hunt -1st Place- Excel college of Engineering.

Group Discussion -3rd Place - Sri Ramakrishna Engineering College.

Paper Presentation - 1st Place - PPG College of Engineering.

AEC-Hackathon - 2nd Place - Al-Ameen Engineering College

NPTEL Certifications: Cloud Computing, Indoor Air Pollution, Design Thinking

Overall Placement Joint Secretary - 2025-2026.

Department Tressurer - 2026-2027
